# The Dobsonian Telescope A

**dobsonian telescopes | orion telescopes: shop** - more about dobsonian telescopes the dobsonian is a simple, low-cost telescope design popularized by san francisco amateur astronomer john dobson in the 1970s. it consists of a newtonian tube assembly riding on a simple, wooden altazimuth base. **introduction to the dobsonian telescopes** - introduction to the dobsonian telescopes one type of telescope that students in the astronomy class frequently use is a 10 - inch dobsonian telescope. these telescopes are medium-size, as amateur telescopes go (the amateur rage would be 4 to 20 inches in diameter); they are mechanically simplified for low price and ease of use. **plans for a dobsonian telescope - scope making** - plans for a dobsonian telescope 150 mm mount 200 mm mount at this point, you can also buy the tube, and the altitude bearings. for this telescope, you need a pvc drain tube. if you have a 150 mm f8 mirror, a 200 mm od tube is needed. unfortunately, the standard sizes are 1 and 2 meters in length. **how to build a dobsonian telescope - projectsplans** - plans for building a dobsonian telescope brought to you by: the san francisco sidewalk astronomers yes, it "looks like a cannon," but the above is really a ten-inch (measured by the diameter of the objective) newtonian telescope that almost anybody can build. **engineering lightweight dobsonian telescopes- 2013 update** - john dobson really started something with his dobsonian "dob" telescope design. he enabled the average amateur telescope maker "atm" to create a large and very stable telescope with common workshop tools. since then dob's have evolved from a heavy boxy structure to elegant lightweight designs with truly excellent optics. **instruction manual lightbridge plus truss tube dobsonian ...** - never use an unfiltered telescope to look at the sun! looking at or near the sun will cause instant and irreversible damage to your eye. eye damage is often painless, so there is no warning to the observer that ... using the dobsonian telescope. ... **plans for building an 18inch f4.4 dobsonian telescope.** - the following pages detail the complete set of plans for an 18" dobsonian based upon dave kriege and richard berry's excellent book. page 2 - book p117 - mirror flotation system and cell. page 3 - book p123 - detail of flotation system triangles and bars. page 4 - book p157 - secondary cage assembly page 5 - book p221 - split-blocks. **the perfect telescope - davetrott** - you can build this telescope this is a six inch dobsonian reflector. many ordinary people have built simple telescopes like this. see my homepage at davetrott for pictures of a few of them. **telescope technology the new dobsonian revolution** - the new dobsonian revolution the simplest telescope undergoes a high-tech redesign. by michael e. bakich since the 1960s, when dobson introduced his design, amateurs have found this type of scope easy to make. rick singmaster, owner of starmaster portable telescopes, shows off two telescopes that helped launch the new dobsonian revolution. **dob driver ii by tech2000 by john crilly click to email author** - dobsonian mount is the equatorial platform. these platforms are slightly tilted plates mounted on offset bearings which permit them to swivel through an arc appropriate to cause the telescope to move equatorially. the dobsonian mount is simply placed on top of the platform. the advantages to such platforms include **owner's manual dobsonian telescope - raleigh astronomy club** - with any telescope, zhumell telescopes require some technical knowledge of stellar movement and optical properties. we have provided basic instructions for telescope use and astronomical viewing in this manual. your zhumell dobsonian telescope is built with the highest-quality optics and top-notch construction to provide years of reliable **orion skyquest xt6 & xt8 dobsonian reflectors** - the unassembled dobsonian base. be careful unpacking the boxes. we recommend keeping the original shipping containers. in the event that the telescope needs to be shipped to another location, or returned to orion for warranty repair, having the proper shipping containers will help ensure that your telescope will survive the journey intact. **visual observing what to know - sky & telescope** - visual observing: what to know before you buy skywatch 2010 • 25 planets when the seeing allows. and though a galaxy may not look great through a big scope from a suburb, it looks better than **owner's manual dobsonian telescope** - with any telescope, zhumell telescopes require some technical knowledge of stellar movement and optical properties. we have provided basic instructions for telescope use and astronomical viewing in this manual. your zhumell dobsonian telescope is built with the highest-quality optics and top-notch construction to provide years of reliable **orion skyquest xti intelliscope dobsonian telescopes** - please read these instructions thoroughly before beginning assembly and subsequent use of the telescope. 1. unpacking the telescope is packed in two boxes (three for the xt12i), one containing the optical tube assembly and accessories, the other containing the unassembled dobsonian base (the third box for the xt12i includes the mirror and cell). **review of the meade lightbridge 16 inch deluxe dobsonian** - review of the meade lightbridge 16 inch deluxe dobsonian (by jan van gastel) dutch version (nederlandse versie) this is a test report of a meade 16 inch lightbridge. the telescope looks very nice (photo 1). but what's more important is how it works. that's what this test is about. photo 1: assembled 16 inch meade lightbridge **instruction manual orion skyquest xt10 dobsonian reflector** - the unassembled dobsonian base. be careful unpacking the boxes. we recommend keeping the original shipping containers. in the event that the telescope needs to be shipped to another location, or returned to orion for warranty repair, having the proper shipping containers will help ensure that your telescope will survive the journey intact. **tubes for reflecting telescopes** - tubes for reflecting telescopes by: jeff beish, a.i.p.o. mars section (31 may 2017) introduction it is no secret that many amateur telescopes
